John DiPaola
Business Administrator/
Board Secretary

ANNUAL ASBESTOS MANAGEMENT PLAN ACTIVITY UPDATE

Dear Parent, Guardian, and Staff Members:

The purpose of this memorandum is to inform you of the Elmwood Park Board of Education's recent and planned asbestos management activities, pursuant to the periodic notification requirement of the United States Environmental Protection Agency's "Asbestos-Containing Material in Schools Rule" (40 CFR 763, Subpart E, commonly referred to as the AHERA regulation).

In accordance with the Rule, the Board instituted Asbestos Management Plans in 1989 to address Asbestos-Containing Building Material (ACBM) identified in each of the facilities.

The last Three Year Re-inspection required by the Rule was completed in 2016. Documentation of this Re-inspection has been incorporated into the Board's Management Plan documentation. Periodic surveillances and other consulting activities may be performed in the 2017-2018 school year by ER&M Environmental, a qualified asbestos management consultant retained by the Board for assistance in these matters.

The Asbestos Management Plan for each of the Board's facilities is available at each facility's main office, as well as the Board Office at 60 East 53rd Street during normal business hours. Questions should be directed to John DiPaola, Business Administrator/Board Secretary, at the Board's Business Office at (201) 796-8700 ext. 3175.

Sincerely,

John DiPaola
Business Administrator/Board Secretary
