How to Link Students on the Parent Portal

- Log into Parent Portal using your YOUNGEST child's log in
- You may be prompted to reset your password, if you have not already done so already
- In the Parent Portal Home screen, click on the 3 bars *(3 lines)* located at the top right of the screen
- Navigate to **Link/Switch Student** option
- Fill in the username and password for each student you would like to link
- Once you link all of your children, you only need to log into your youngest child's Parent Portal in order to view the other children
